AERIE

Jefferson Township High School — Oak Ridge, N.J.

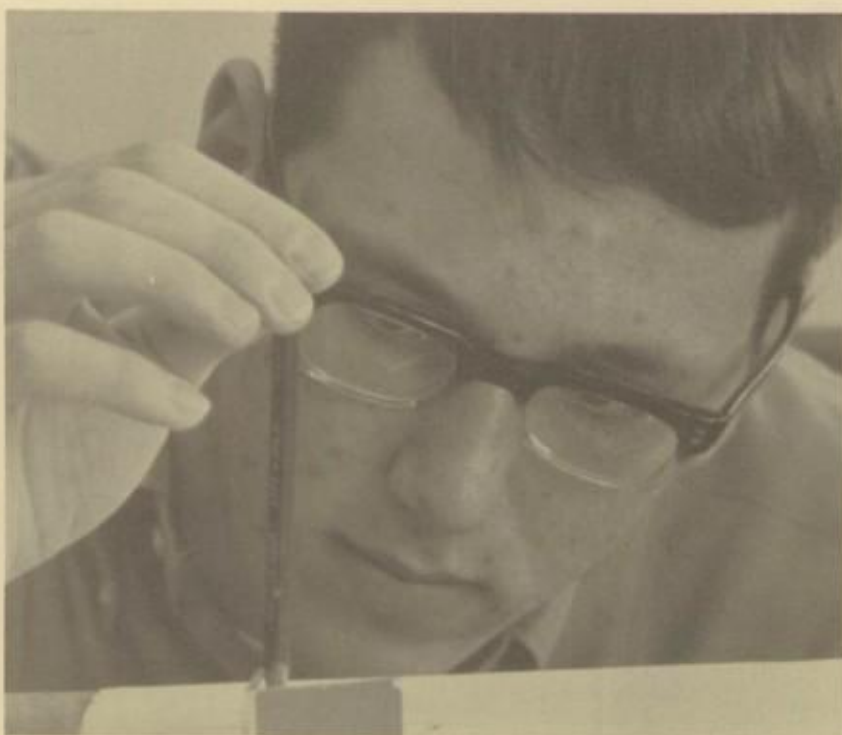

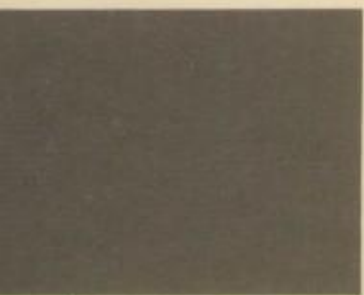

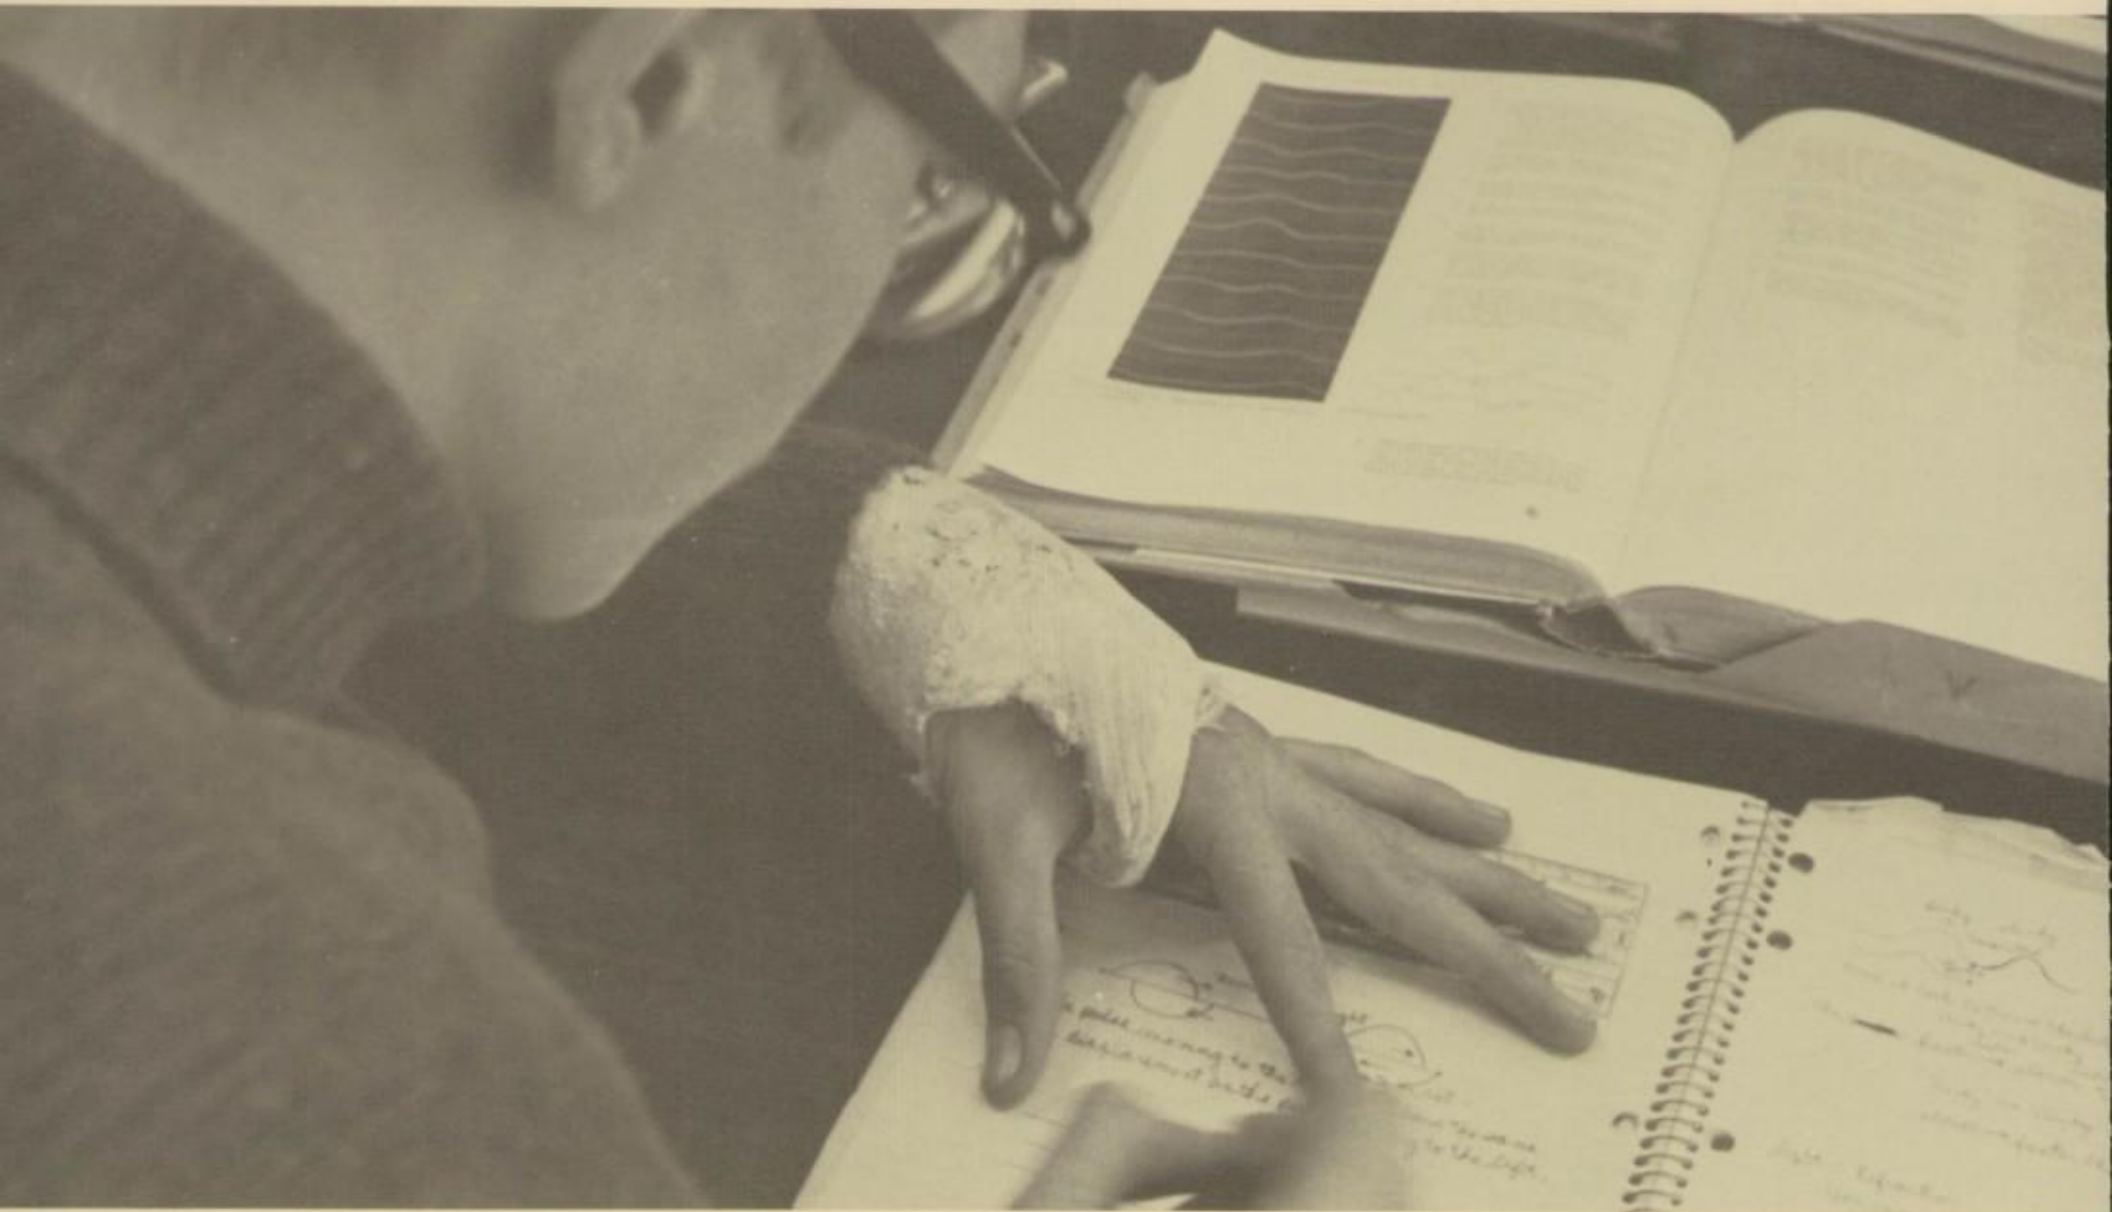

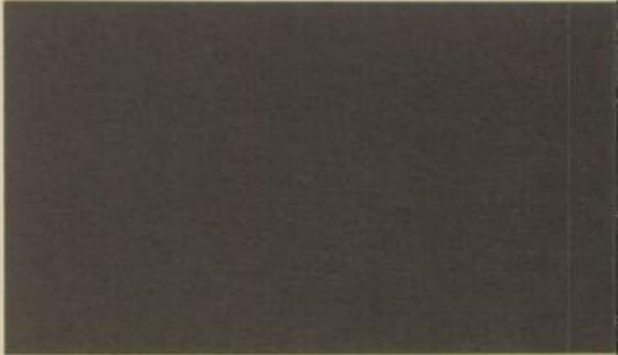

Let my work, my laughter, my thought,
carry me above the rest.

The physics of dancing is . . .

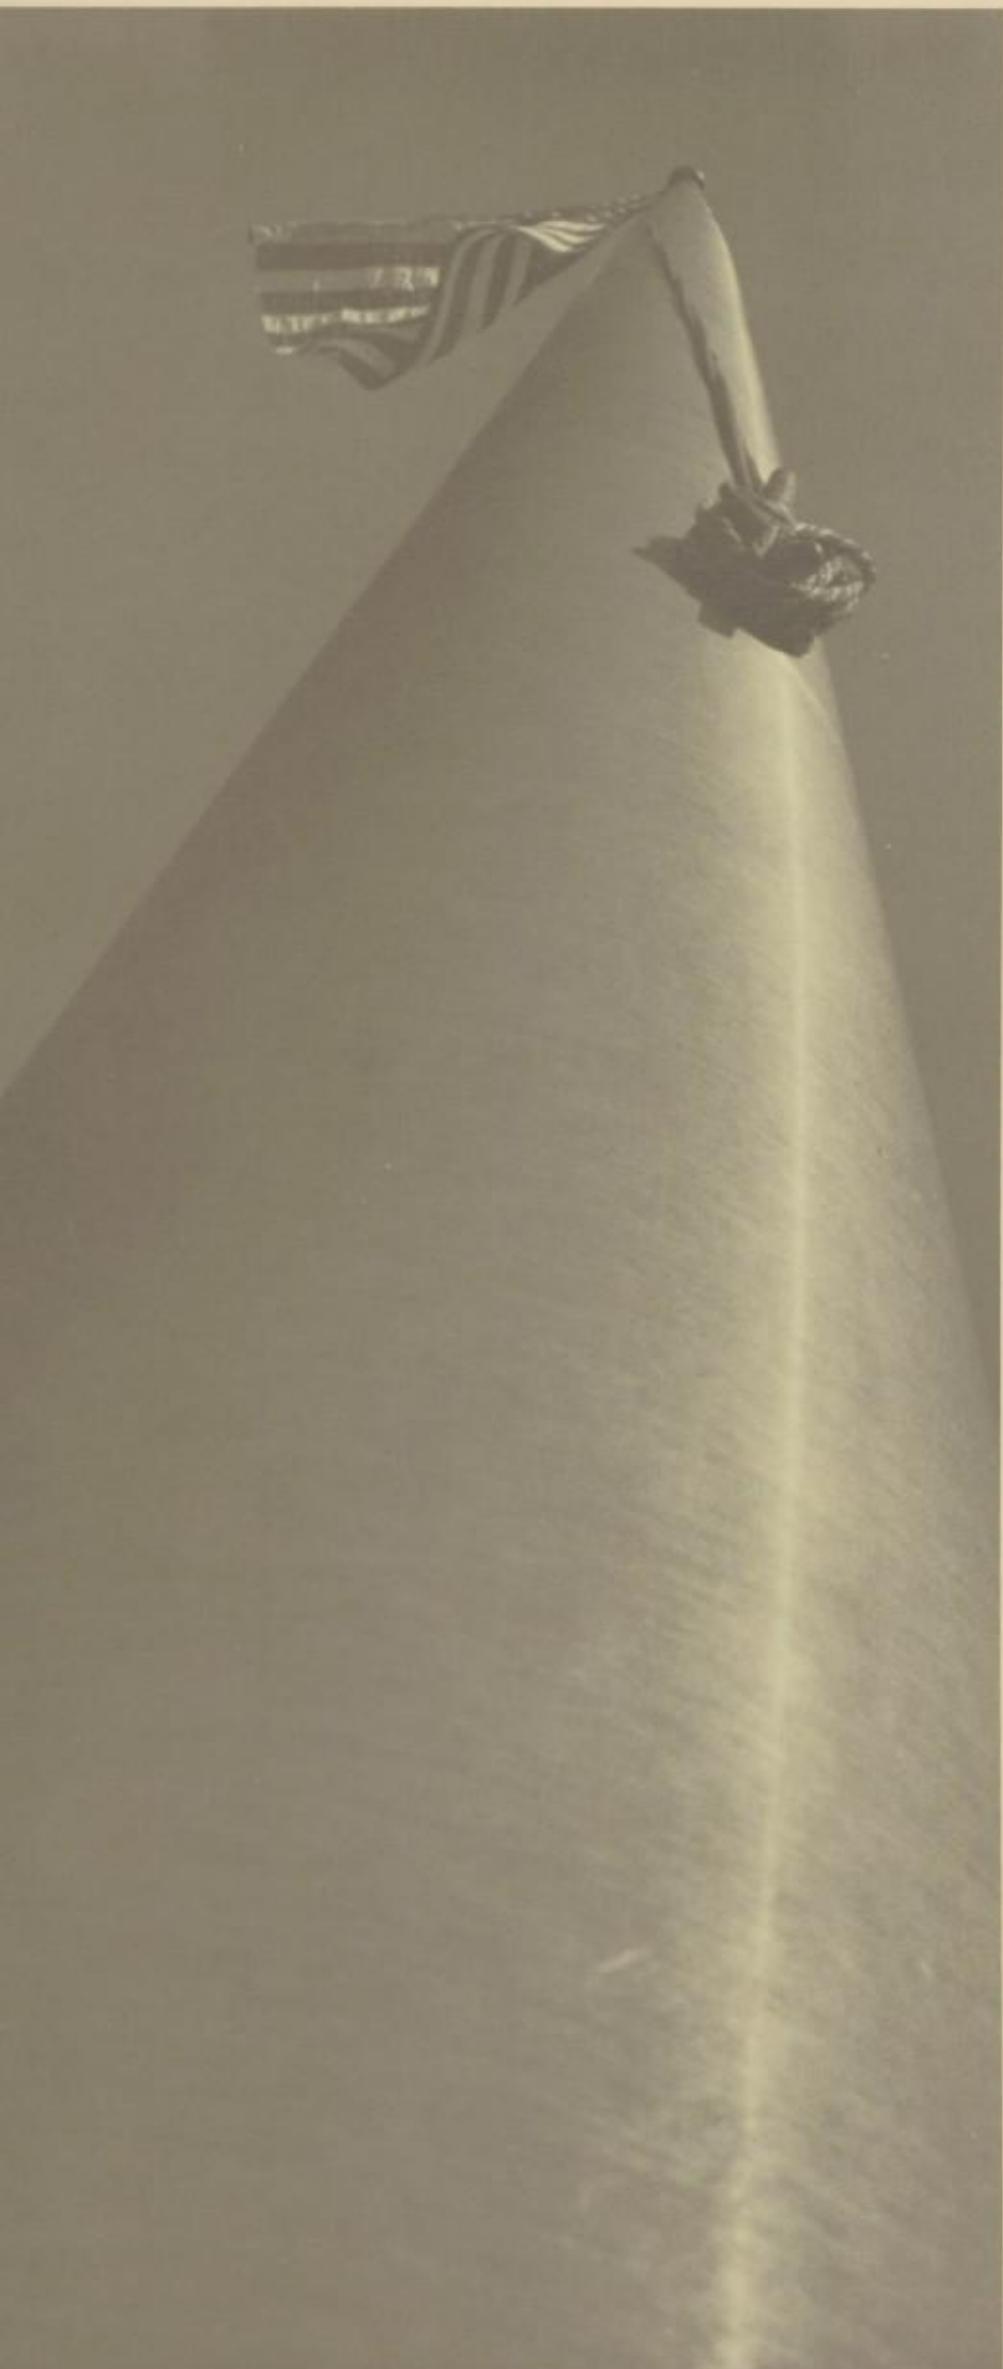

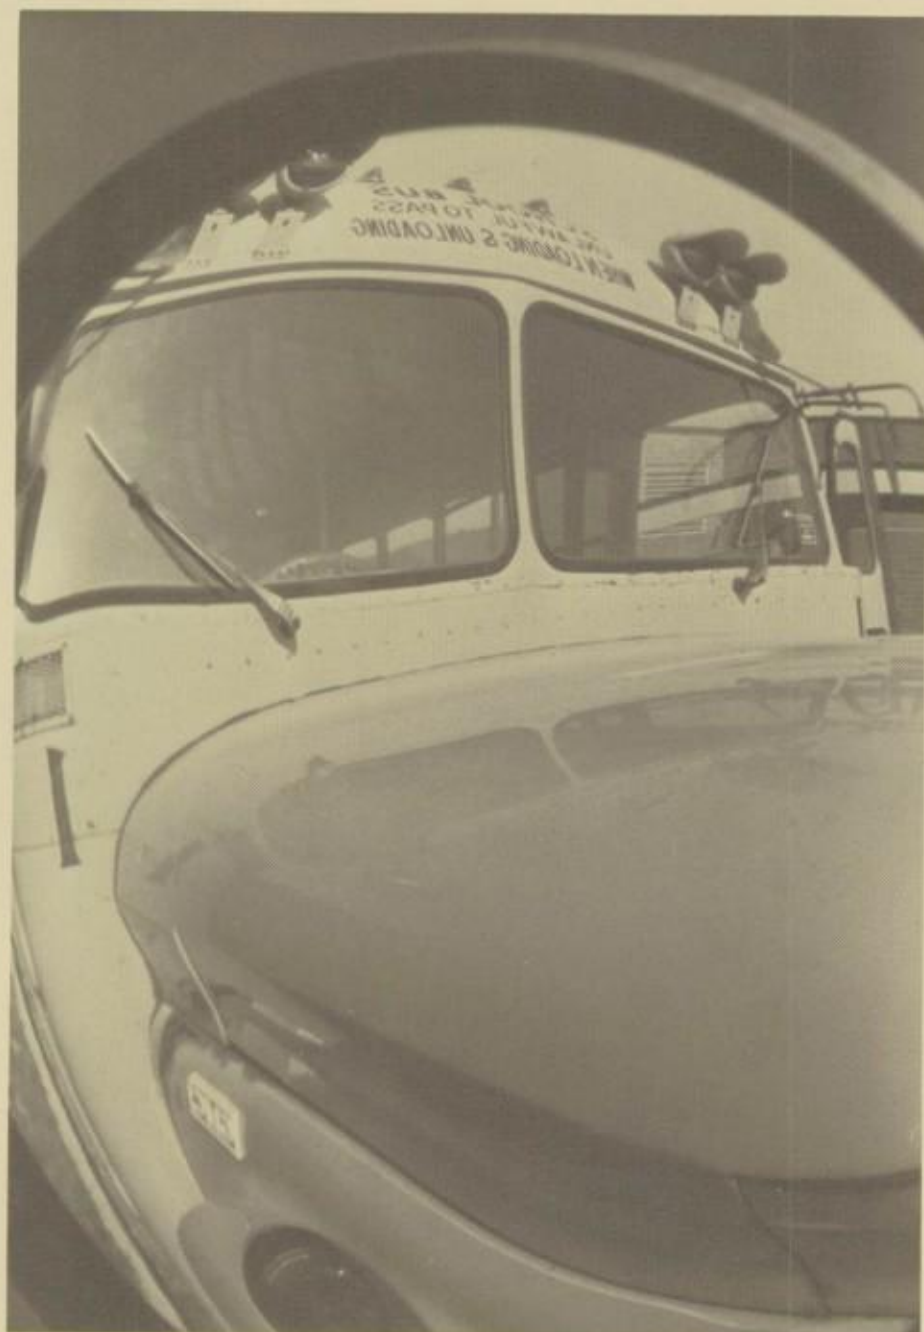

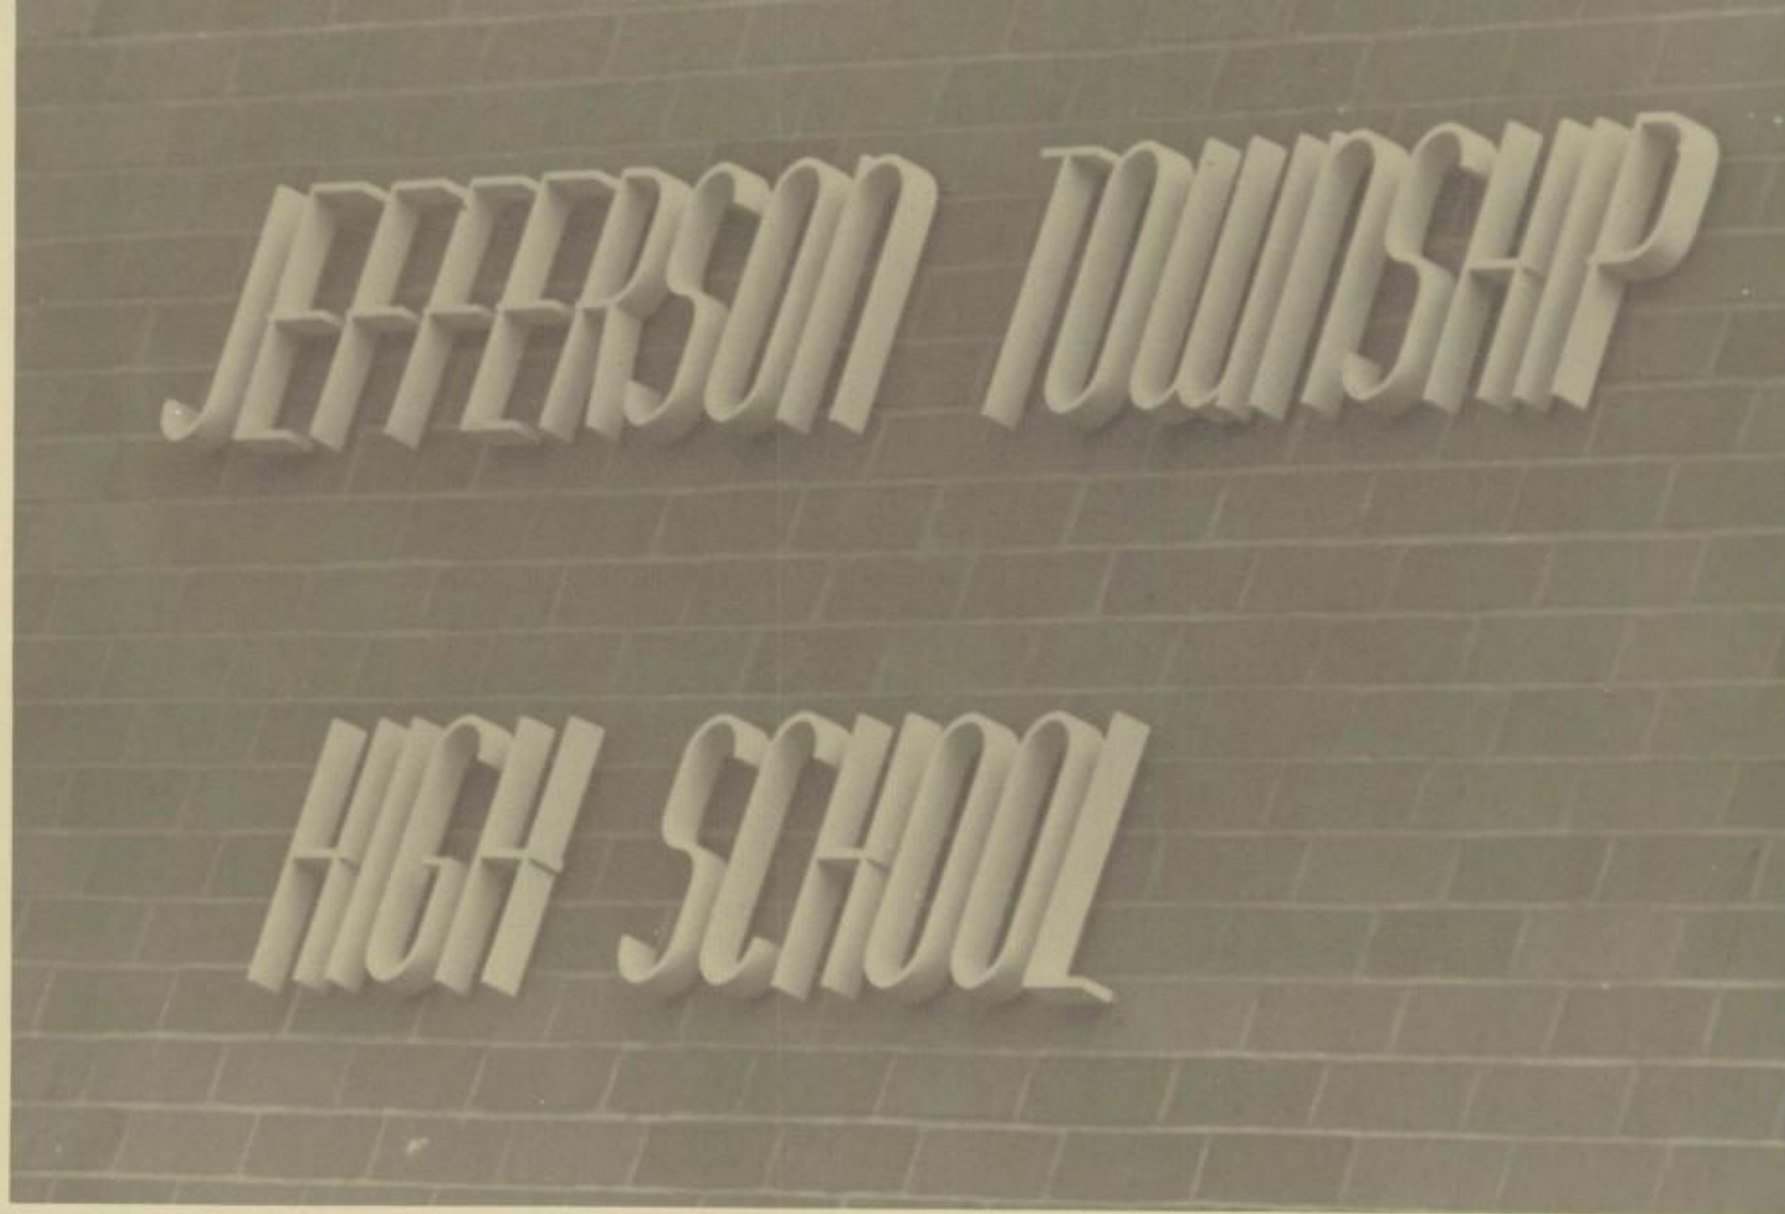

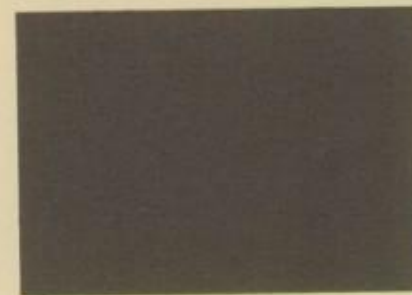

Lets get together.

Those things which are there to see,
but who has seen them all?

May each eat what they may,
and survive as best they can.

We get by with a little help
from our friends.

With Friends I've Made I've Walked Through Years, And Trod The Crowded Way. So You And I Let
Us Stay All Friends, And Go Our Separate Paths Together; With Friends We've Made And Friends
We Have, All Friends Together.

This yearbook, the 1969 AERIE, is the work of a few people who did the work of many. These people deserve all the credit in the world for what they've done. It is not easy to express thanks to such a great group of people for putting up with all the confusion and disappointments.

More thanks should go to our advisors, Miss Rene Van Lenten and Miss Ruth Chowski, who to the casual observer seem to work in shifts of first half and second. No yearbook can be produced without advisors to push it along. With this thought, I thank our advisors.

Below are listed our staff members. To these people I'd like to say that it is through your work that there is a 1969 AERIE we can all be proud of.

Thank you

When did we grow up?

When did we discard the toys and crutches of childhood,
the belligerence of adolescence,
and wrap the cloak of young adulthood about our shoulders?

When did we learn that growth solved yesterday's problems
but left new ones in its wake?

When did we discover that age brought no shining securities,
no relief of doubt and uncertainty;
that standing alone is frightening when imitation is such an
easy alternative?

When did we grow up?

When did we learn to find warmth in the people about us,
to take friendship as offered,
and to give in return?

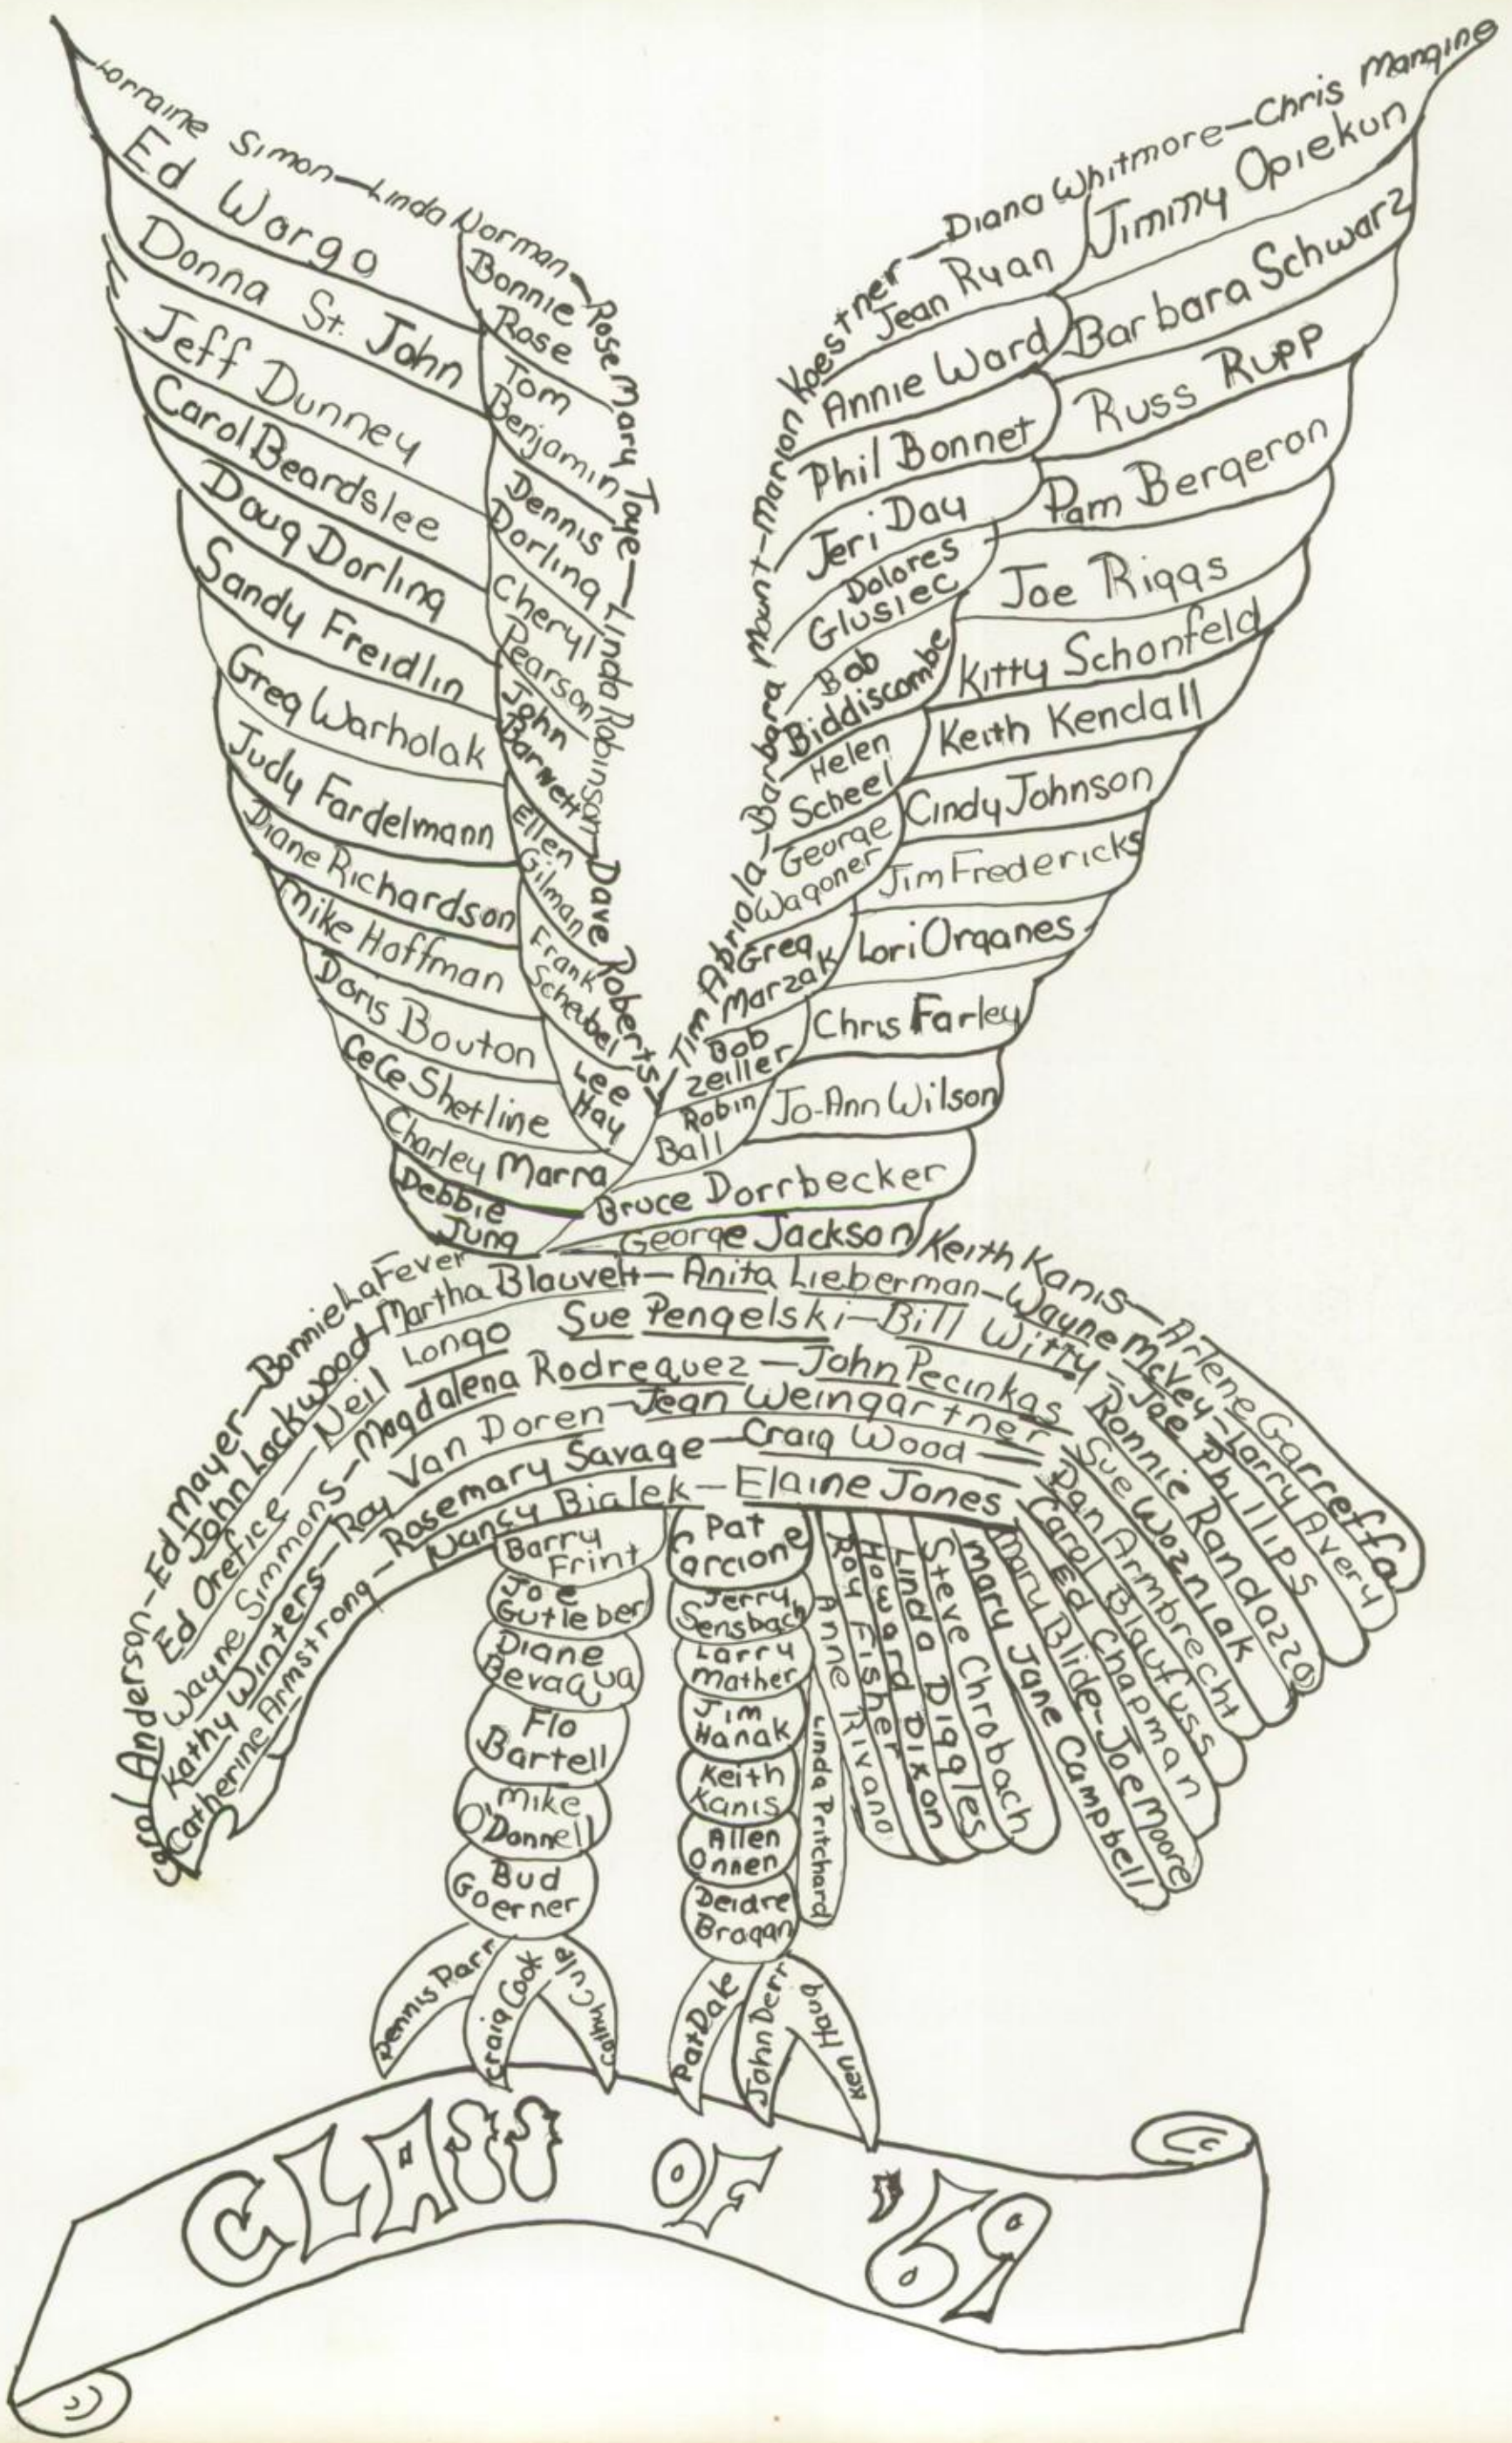

When did we find the weight of unbearable problems
rolling off our cheeks with our tears?

When did we realize that masks of strength often shroud uncertainties,
and that those we envy most
are just as unsure as we are?

When did we learn to love and trust,
to realize that friends that are as important as life itself
will soon be gone;
and that new friends will be made to add to
but never replace the old?

When did we grow up?

CLASS OF 69

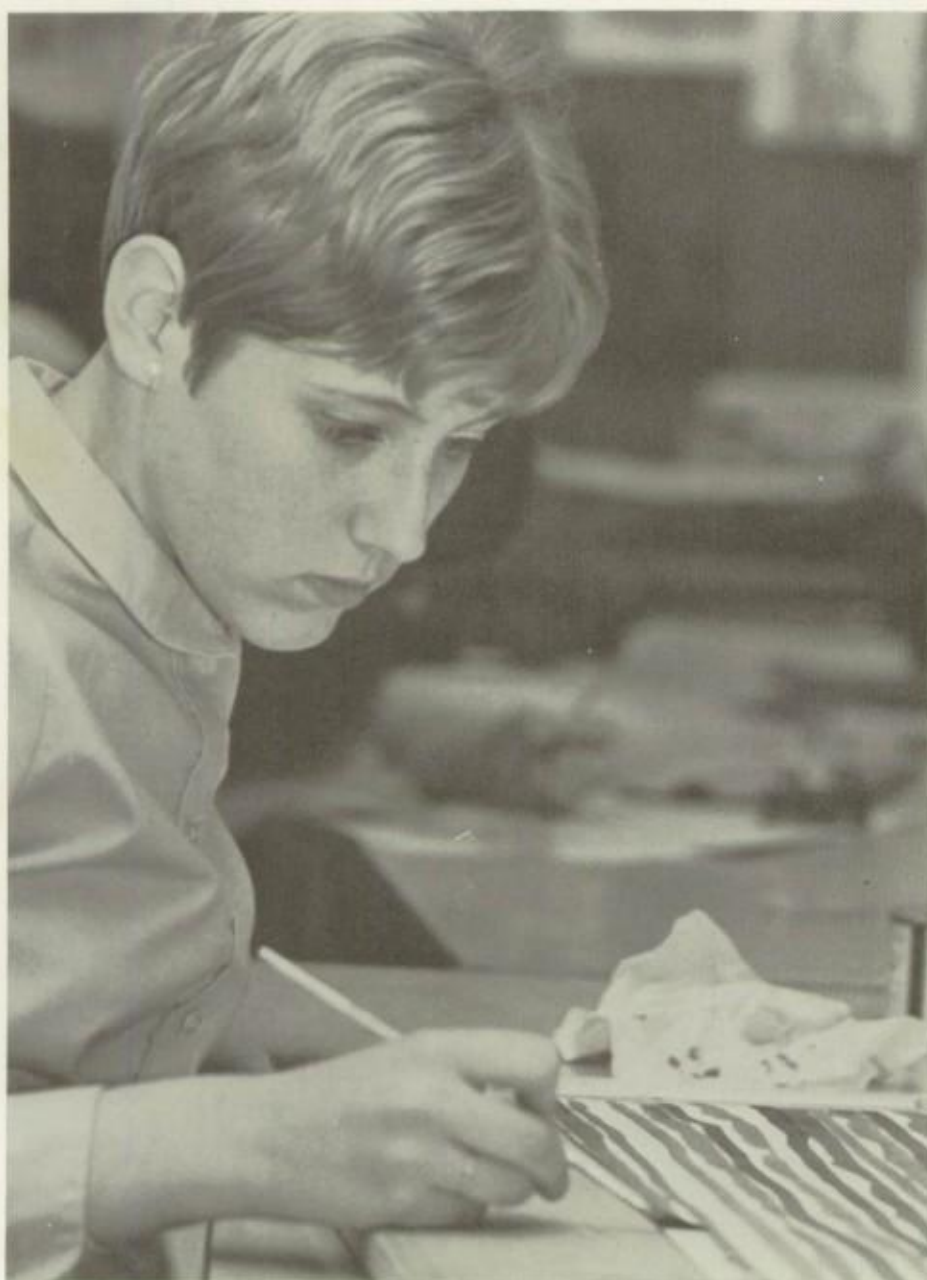

Four short years and a million unforgettable experiences — Our freshman year was not our first. Many friends made in eighth grade have since then changed but many are lasting friendships that will live forever. Our first year was difficult. There were new faces, new teachers, and a whole new way of life to adjust to. As we trod the same corridors every day, little did we know we were constructing a foundation for the future.

Freshman year was a collection of legends and mishaps beginning with a plunge into sports. It is doubtful that our freshmen football team will ever forget that season! The word "huddle" was a new word to the Falcon greenhorns. It took seven games and seven losses to finally reach the goal-line. The team was so excited when Greg Warholak scored those memorable six points that they ran off the field, forgetting the extra point. They would have gone right on with the kick-off if the referee hadn't reminded them. Although their record was one of little triumph, we thank these boy's for contributing to the success of the class of '69".

A nervous "five" awaited the ref's whistle which would launch the 1965 Freshmen Basketball season. The starters were Chris Farley (co-captain), Jeff Dunney (co-captain), Greg Warholak, Craig Wood, and Andre Fergusen. Randolph was the first team to bow down to the "Ferocious" Falcons, and once again, pandemonium let loose! Will the guys ever forget all the pain and frustration they caused Coach Cueman? How about the time a chalkboard met up with his fist and was almost demolished by the impact? This season saw Debbie Jung and Bonnie Rose out for the feminine side of this winter sport.

Baseball had a serious attitude for the first week until the first game when Coach Kota fell off the back of the bench and couldn't get up. Contrary to popular belief, Mr. Kota's coaching produced many fine players. Jim Opeiken and Ed Wargo were the star pitchers and Jeff Dunney led the team with a .460 batting average.

Way back when, there was an organization called the G.A.A. Weren't we proud the night a freshman class placed second in the show, beaten by only one Senior class. We can thank Donna St. John and Carol Bear-dslee for their leadership and this victory.

Our second year found us a little more organized — A few of the faces had changed on the football squad, the record not as much. Again, Greg Warholak felt the joy of victory as he stepped onto the stage and accepted a letter for Varsity Football.

Sophomore Cross Country found that old stand-by, Joe Riggs, out for another year. Along with his teammates he helped develop a sport that will go down in Jefferson's history.

The Basketball squad had dwindled somewhat from the previous year, but they were kept laughing by "Gari's" unfamous jokes. The plan: freeze-out Andre Ferguson, but remember guys? You ended up freezing out "Rocket" Rupp.

Wrestling also had some newcomers, including the man who held the record for being pinned the fastest (24 sec.)

Two sophomores, Opeiken and Dunney, played varsity ball the spring of 1967. Coach Kota will never forget the time he told Chris Farley to hustle or turn his uniform in. Chris promptly replied, "Where should I put it?", starting a chain reaction which started into a riot. And then there was always Haggerty telling Mr. Kota how to coach.

Sophomores made their debut as cheerleaders in front of those "packed stands" on those cold Monday afternoons. How about that gruesome twosome on Drill Team, Jo-Ann Wilson and Pam Bergeron?

We should be proud of our magazine drive which broke the \$2,000 mark — another first for the Class of '69'.

By the time our Junior year rolled around we had prepared ourselves for the excitement which lay ahead.

It is doubtful that Mr. Weir or the Cross Country team will ever forget when Dennis and Doug (more commonly referred to as "wrong and way") Dorling ran themselves ragged trying to find their way home. "Home" found them at the Berkshire — 10 miles from the school.

Back on the gridiron were the faithful 69ers preparing themselves for the historical year to follow.

The road may be rough but let the purpose be true

The 1967 Drill Team was packed to the brim with Juniors including captain, Jo-Ann Wilson and side major-ette, Cindy Johnson. Many of these girls carried over their school spirit into the basketball season on the Twirling Squad. Strike up the music and we'll let Pam Bergeron do some of her matchless all-arounds.

The Varsity Basketball Squad had two positions filled by Juniors, Dennis and Doug Dorling. Once again our class pulls through.

Jim Opeiken deserves much thanks for his supreme pitching skill and ability to shine through when we needed him. (Not to mention the time he fell off the chair at the Band Concert.)

A sport which is not readily recognized but deserves much praise and gratitude is track. All of the boys have contributed to the development of J.T.H.S. Their record, wins and losses will always have a special place in hearts of the 69ers.

Jefferson held its first dramatic play when the Junior Class presented **The Crucible**, which was a tremendous success: dramatically and financially. Many new talents were discovered including our leading lady, Rosemary Toye.

May was the month for the induction ceremony into the National Honor Society. Suspense mounted as the minutes slowly passed, but it was all over in the blink of an eye. Fourteen students had joined the society and seven would join the following year. None of the girls will ever forget Mr. Militano's reassuring smile and soothing voice.

The G.S.A. show was strictly gymnastics and relays this year. Hard work paid off for Kitty Schonfeld — she now held the Gold Medal in tumbling. We will all remember the pains of those relays, the floor burns that came with every race and the embarrassment when the ropes snapped in the tug-of-war with the seniors.

Our Junior year would not have been complete without the trials and tribulations of Mr. Tunis' Chemistry Class.

Life was routine, but this was soon to change. We were now seniors.

The Tri-captains of the Football Team were Jeff Dunney, Mike Hoffman, and Craig Wood. Without their leadership, this year might have been just another bad statistic. Our first varsity win was against Wayne Hills and thanks to Chris Farley and Maxie Chrobach and his extra point, the Falcons triumphed, 7-6. The first shut-out ever in the history of Jefferson Twp. came to us on a bleak and rainy Saturday. Morris Knolls crumbled under the pressure of the mighty Falcons as they demolished them 13-0. Few saw the victory march that followed but the cheerleaders and Drill Team will remember it well as they stomped up the muddy field singing, "Bless them All."

This is the last year for many of the boys on the Cross Country Squad. Many miles and hours have flown by serving Jefferson with a spirit that will long be admired.

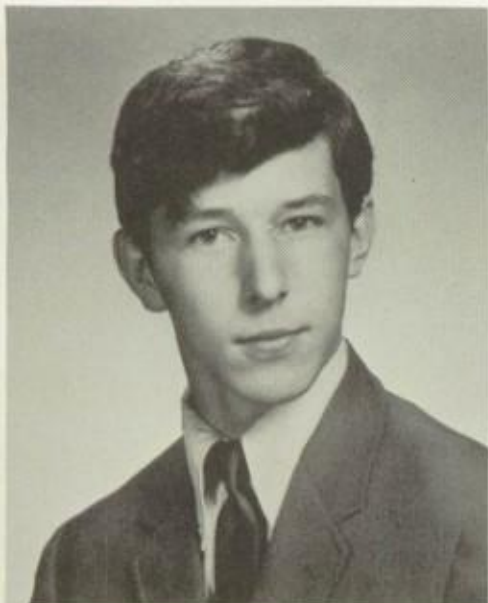

Arms and the Man was a "comedy" the Senior Class enacted. Although the day was not a total success and the attendance was poor, we will all remember Donna, Eddie, Gerry, Charlie, Phil, and all the others who did their best to make it a success.

The Christmas Dance would have certainly proved to be a flop if it wasn't for last minute revival of the Senior Class.

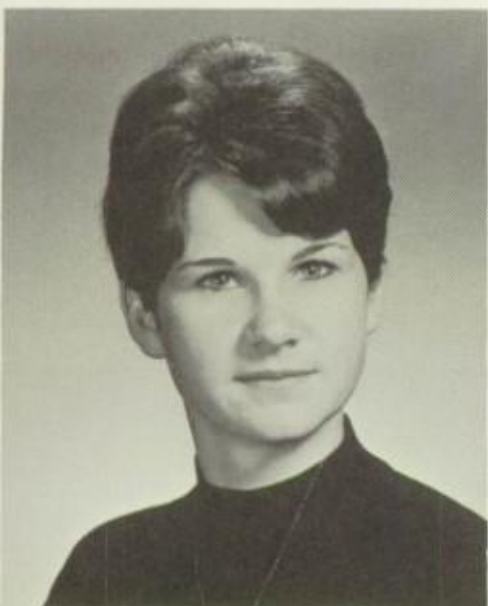

John Barnett's wrestling should not and will not go unnoticed. He is one of the many athletes of Jefferson that has started us on our way to victory.

Through it all, missing contact lenses and Mrs. Chase's cheering, we have survived, knowing it is ours to remember.

There were 2 seconds to go, with the score tied, and Coach Hahn put in the "Super-Sub", (alias Jimmy Opieken). The rest is history. Jefferson upsets Newton by two points. Two other teams fell to defeat at the hands of the Jefferson squad. Neither Newton, Randolph, nor Roxbury will forget the embarrassment as our guys splashed the bright gold paint across their team's pennants.

It's not goodbye, but "Hello World" as we seniors sadly leave Jefferson but happily accept the challenge and rise to the occasion. Our warmest thanks to the wonderful friends and dedicated teachers who have helped make our years at Jefferson the most memorable moments in our short lives and the foundation for our future.

In appreciation

Mr. Ronald Sacchiero

Our years at Jefferson have quickly come to an end. In a few short months the class of 1969 has become past history. But to those of us who are members of this class there will always be memories that will stand out. There are so many things that we can never forget.

There is a man. He is someone who deserves most of the credit for the success of our class. He is the person responsible for making our years at Jefferson as memorable as they are. His name is Ronald Sacchiero.

How can he be repaid for all of his hard work and dedication? He deserves to be rewarded in a way that will remain always in his thoughts. We will never forget you, Mr. Sacchiero, and so, we the Class of 1969, dedicate to you, this, our yearbook of memories never to be forgotten.

Mr. Frances Militano

"Though my mouth be dumb, my heart shall thank you."

Nicholas Rowe

The gifts of understanding and compassion are not widely distributed, and when one meets a person so endowed, the experience will not soon be forgotten.

We at Jefferson have been fortunate. We have Mr. Frances Militano.

Mr. Militano is a teacher extraordinaire. A man with a rare, unexplainable quality about him. He cares and in turn we care. It is as simple and as complex as that. The fact that he is concerned sounds easy, many teachers are, but few have his ability to draw in return. To draw the minds and hearts of the young people about him.

How do we thank such a person for all he has given, all the time and words he is so free with? We have no words in our grasp to express our feelings. But we really don't need words. His insight and understanding must tell him what we cannot express.

Even though we are without the ability to express ourselves verbally, we do have another means at our disposal. We will substitute words with action.

Therefore, it is with every ounce of sincerity and gratitude that we, the graduating class of 1969, dedicate our yearbook to Mr. Frances Militano.

JERRY SENSABACH, more commonly referred to as "Senzy", desires to be a streetcar conductor in the future. His favorite saying is, "God didn't make little green apples in the summertime." Jerry likes lamb chops and playing football with girls. His kicking over garbage cans is one of his personality quirks. His last will and testament reads, "I, Jerry Sensbach, leave my chemistry set to Bob Stanaback, my switchblade to Mr. Kota, and my beer to Bob Mitchko."

WAYNE SIMMONS, better known as "Elvis", participated in guitar club 1, talent show 1,2, drama club 2,3, football 3,4, track 3, and Junior class play. Wayne's only desire in life is to be a success. His favorite saying is, "Oh, Good Grief!" He enjoys record collecting and singing and hates being bugged. Listening to records and watching movies are Wayne's favorite pastimes. To Coach Cueman, Wayne leaves Smorgasborg.

LORRAINE SIMON, alias "Simple Simon", often says, "You get me sick!" The 12:00 bell is her favorite sound and school is her only dislike. She participated in student council 1, cheerleading club 1, art of entertaining club 2,3, and G.S.A. 1,2,3,4. Greg has three personality quirks: he's stingy on paper, scholastically preoccupied, and absent-minded. Greg leaves his position as lab assistant in Physics to any deserving Junior with a good sense of humor.

Annie's hobby is cheering but she also likes Mr. Militano, being small, the boardwalk, eating in the halls and talking. Her dislikes are being alone, current events, and boring English classes. Her being a "little" girl with a "big" mouth is Ann's personality quirk. She leaves her ability to get along with people to her sister Sue and her position as captain of Varsity cheerleaders to Chris Fennecken.

EDWARD JOSEPH WARGO, or Ed, is usually heard saying, "What's it to ya?" His main hobby is sleeping but he also likes weekends, Autumn and Christmas holiday.
